There are two reports overdue for FYE 2019 as at the quarter end. One has been subsequently received and the other has been delayed by software issues and is being monitored by the Regulatory Supervision Manager.

The rate of qualifications has reduced for FYE2019. All qualified reports are reviewed and logged immediately to determine what action needs to be taken. Action is dependent on the type of breach (significant or trivial), whether it was accidental or negligent and if it has been resolved. Action would include asking for further details or scheduling a targeted inspection.

The most common reasons for qualifications include:

- Bank reconciliations prepared late or incorrectly
- Receipt and payment made from client account in contravention of the accounts code
- Issues with the office side of the client account.
