

CLC Watchlist & Interventions

Purpose:	Noting
Author:	Director of Finance and Operations
Approver:	Chief Executive

Summary

This is a regular Council paper which provides an update on the practices that have been assigned to the watchlist.

The CLC's aim is to ensure that it raises regulatory issues with a practice as early as possible to avoid the risk of a practice failing to meet its regulatory responsibilities. Where it concludes that issues with a practice are or may become significant, that practice is placed on the watchlist and is monitored intensively to mitigate risk to the consumer; risk of claims on that practice's professional indemnity insurance; and ultimately on the CLC's Compensation Fund. SMT review the watchlist on a weekly basis and by exception when necessary.

A progress update on the active interventions that have taken place since the beginning of 2017 is also included.
